Project Timeline

About the Project

Rabbit hopping is a fun way for you to work with your rabbit and bond. It provides exercise and mental stimulation for both caged and house rabbits. Rabbit jumping began in Sweden early in the 1970s when the first rabbit club started to arrange rabbit jumping competitions. At that time, the rules were based on the rules from horse jumping, but were later reformed to be better suited for rabbits.

Additional Information - Animal Entry in 4hOnline

1. 4-H members are required to enter their animals in the 4-H Online enrollment system. This page will help summarize the information required in this system.
2. All rabbit project animals must be entered in the 4-H Online system no later than May 1 of the current project year (meat pen does in by April 1).
3. Rabbit members will enter their rabbits in either Breeding or Market. See images below. All 'bold' items are required. Images are optional.
4. It is highly recommended that any and all animals with the potential of attending Fair have ID in 4HOnline. If an animal does not have ID, it will not be allowed at Fair.
